Andy and Mark,  
Please see below... Sending to your EPA accounts in case you did not look at gmail...  
Want to meet up at Saxapahaw at 8 am? Rachel and I will meet there.

Ex. 6 Personal Privacy (PP)

In terms of sample volume:  
Need about 20 mL total for PFCs and bromide plus 40 mL for 1,4-dioxane.  
Thank you,  
Detlef
